Peckfield Level Crossing in Micklefield

I Lawrence Backhouse and my Wife Dorothy Backhouse would like to object to the closer of the crossing and feel we should have a bridge over the crossing.

The Crossing has been closed in Castle Hill Woods and the railway bridge at Micklefield Station was taken down. This is the only crossing between the two sides of the village left other the main road.

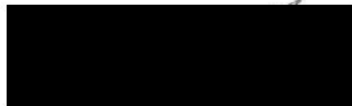

This bridge is necessary to get from one side of the village to the other East Garforth have a bridge with all the new housing we have in the village we Need a bridge.

It is an important crossing for carers looking after the people who live at the top of the recreation ground. It's the only route that is away from traffic and fumes from the main road.

Also it is good access for the recreation ground for people to enjoy and relax.

We have used this crossing for over 60 years please put a bridge over it.

Yours sincerely

Lawrence Backhouse and Dorothy Backhouse.
