

SUPPLEMENTARY STATEMENT OF COMMON GROUND

CALL-IN REFERENCE: APP/U3100/V/23/3326625

OPENING DATE OF INQUIRY: 20th February 2024

SITE ADDRESS AND DESCRIPTION OF THE DEVELOPMENT:

Land between A34 Milton Interchange, and B4015 north of Clifton Hampden, Oxfordshire

Application by Oxfordshire County Council c/o Jonathan Hill, AECOM (agent) for:

- The dualling of the A4130 carriageway (A4130 Widening) from the Milton Gate Junction eastwards, including the construction of three roundabouts;
- A road bridge over the Great Western Mainline (Didcot Science Bridge) and realignment of the A4130 north east of the proposed road bridge including the relocation of a lagoon;
- Construction of a new road between Didcot and Culham (Didcot to Culham River Crossing) including the construction of three roundabouts, a road bridge over the Appleford railway sidings and road bridge over the River Thames;
- Construction of a new road between the B4015 and A415 (Clifton Hampden bypass), including the provision of one roundabout and associated junctions; and
- Controlled crossings, footways and cycleways, landscaping, lighting, noise barriers and sustainable drainage systems.

(Application no: R3.0138/21) ("the Scheme")

APPLICANT: Oxfordshire County Council

LOCAL PLANNING AUTHORITY: Oxfordshire County Council

1. This Supplementary Statement of Common Ground ('SSoCG') has been produced pursuant to the request contained in the Inspector's note dated 21 December 2023. This SSoCG is supplementary to the first Statement of Common Ground between the Applicant and the Local Planning Authority (LPA) dated 2 November 2023.
2. This document has been agreed by both the Applicant and LPA as distinct and separate functions of Oxfordshire County Council ('the Council'), albeit that both are parts of the Council as one corporate body.

3. The Inspector has asked for 'a list detailing the plans/information on which the Local Planning Authority based its submissions' and 'any subsequent plans/information relied upon.' A list of the documents and drawings which form the application and Environmental Statement including amended and additional documents is attached as Annex 1. A list of the information submitted which the Local Planning Authority also took into consideration in its submissions to the Local Inquiry is attached as Annex 2.
4. The Applicant's revised submissions were either in response to requests for further information under Regulation 25 of the Town and Country Planning Act (Environmental Impact) Regulations 2017 or were to provide amended plans with any notes relating to 'indicative' or 'do not scale' removed.
5. The relevant development plan policies for the Application are detailed in paragraph 9.7 of the Applicant's Statement of Case dated 1 November 2023. These policies are also listed in 'Part 3 – Relevant Planning Documents' of the Officer's Report to the 17 July 2023 meeting of the Planning and Regulation Committee.
6. The Applicant and the LPA do not have any matters of dispute between them. The LPA set out its neutral position in relation to the Application following officer support for the Scheme in the Officer's Reports to Planning and Regulation ('P&R') Committee for the July 2023 and September 2023 P&R Committee meetings. The LPA then provided a technical note on 29 December 2023 in which the LPA's officers agreed with the conclusions reached by Origin Transport Consultants Limited that the remaining concerns expressed by members of the P&R Committee were satisfactorily addressed by information provided by the Applicant.
7. The LPA and the Applicant note that a further meeting of the Planning and Regulation Committee is due to be held on 15 January 2024, at which an update on the LPA's technical note will be provided to P&R Committee members. The outcome of that meeting will be reported to the Inspector.

Signed

Owen Jenkins
Director of Transport

Signed
